**Denver, CO 80290**

September 29, 2020

To the Stockholders of Carbon Energy Corporation:

You are cordially invited to attend a Special Meeting of stockholders of Carbon Energy Corporation, a Delaware corporation (the “Company”), to be held on October 22, 2020, at 10:00 a.m. local time. The Special Meeting will be held at the offices of the Company which are located at 1700 Broadway, Suite 1170, Denver, CO 80290.

At the Special Meeting, you will be asked to consider and vote upon a proposal to amend the Company’s Amended and Restated Certificate of Incorporation, to reverse stock split the Company’s common stock, (the “Reverse Stock Split”) at a ratio of 4-for-1. If the Reverse Stock Split is approved, the Company will file with the Delaware Secretary of State a certificate of amendment to its Amended and Restated Certificate of Incorporation, at which date (the “effective time”) a stockholder owning fewer than four shares immediately prior to the effective time, would only be entitled to a fraction of a share of common stock and will be paid cash in lieu of such fraction of a share, on the basis of \$1.00, (the “Cash Payment”) for each share of common stock held by the stockholder (the “Cashed Out Stockholders”) immediately prior to the effective time and the Cashed Out Stockholders will no longer be stockholders of the Company.

The purpose of the Reverse Stock Split is to enable the Company to reduce the number of record holders of its common stock below 300, which is the level below which the Company can suspend its duty to file periodic and current reports and other information with the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended (the “Exchange Act”). As described in the accompanying proxy statement, the Company’s Board of Directors has determined that the costs of being a public reporting company outweigh the benefits of being a public company. The actions the Company would take to suspend, and events that occur as a result of such actions that would have the effect of suspending the Company’s reporting obligations under the Exchange Act, and the registration of the Company’s common stock under Section 12(g) of the Exchange Act, are collectively referred to as the “Transaction”. After giving effect to the Transaction, the Company will no longer be subject to the reporting requirements under the Exchange Act or other requirements applicable to a public company, including requirements under the Sarbanes-Oxley Act of 2002 (the “Sarbanes-Oxley Act”).

The Company anticipates that after the Reverse Stock Split its common stock will continue to trade on the Pink Non-Current platform of the OTC Markets Group.

Furthermore, after giving effect to the Transaction and as necessary to maintain the Company’s suspension of its SEC reporting obligations, the Company reserves the right to take additional actions that may be permitted under Delaware law, including further reverse stock splits.

The Board of Directors has determined (by a unanimous vote) that the Reverse Stock Split is in the best interests of the Company’s stockholders and the specific terms of the Reverse Stock Split are fair to Cashed Out Stockholders.

The Board recommends (by a unanimous vote of directors) that you vote “FOR” the adoption of the Reverse Stock Split. Please read the accompanying proxy statement carefully.

**Your vote is important.** Whether or not you plan to attend the Special Meeting, the Company urges you to please vote by proxy as soon as possible. If you do attend the Special Meeting and desire to vote in person, you may do so, even though you have previously voted by proxy.

Sincerely,

Patrick R. McDonald  
Chief Executive Officer

The accompanying proxy is solicited by the Company's directors for voting at the Special Meeting of shareholders to be held on October 22, 2020 and at all adjournments of the Special Meeting. If the proxy is executed and returned, it will be voted at the Special Meeting in accordance with any instructions, and if no specification is made, the proxy will be voted for the proposal set forth in the accompanying notice of the Special Meeting. Shareholders who execute proxies may revoke them at any time before they are voted, either by writing to the Company at the address shown above or in person at the time of the Special Meeting. Additionally, any later dated proxy will revoke a previous proxy from the same shareholder. This proxy statement was posted on the Company's website on or about September 29, 2020.

As of September 21, 2020, the Company had:

- 8,304,806 outstanding shares of common stock, with each common share entitled to one vote at the Special Meeting, and
- 50,000 outstanding shares of Series B preferred stock with each share entitled to 12.5 votes at the Special Meeting.

Provided a quorum consisting of a majority of the shares entitled to vote is present at the meeting, in person or represented by proxy, the adoption of the proposal to come before the Special Meeting will be approved if the affirmative vote of the majority of shares present in person or represented by proxy at the Special Meeting approve the proposal. The approval of at least a majority of the Company's unaffiliated security holders is not required to adopt the Reverse Stock Split.

Shares of the Company's common stock represented by properly executed proxies that reflect abstentions or "broker non-votes" will be counted as present for purposes of determining the presence of a quorum at the special meeting. "Broker non-votes" represent shares held by brokerage firms in "street-name" with respect to which the broker has not received instructions from the customer or otherwise does not have discretionary voting authority. Abstentions and broker non-votes will not be counted as having voted against the proposal to be considered at the Special Meeting.

**THE REVERSE STOCK SPLIT AND OTHER ASPECTS OF THE TRANSACTION HAVE NOT BEEN APPROVED OR DISAPPROVED BY THE SECURITIES AND EXCHANGE COMMISSION OR ANY STATE SECURITIES COMMISSION, NOR HAS THE SECURITIES AND EXCHANGE COMMISSION OR ANY STATE SECURITIES COMMISSION PASSED UPON THE FAIRNESS OR MERITS OF THE REVERSE STOCK SPLIT, ANY OTHER ASPECTS OF TRANSACTION, OR THE UPON THE ACCURACY OR ADEQUACY OF THE INFORMATION IN THE ATTACHED PROXY STATEMENT. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENSE.**

## **PROPOSAL TO APPROVE A REVERSE SPLIT OF THE COMPANY'S COMMON STOCK**

### **SUMMARY TERM SHEET**

*The following summary term sheet highlights certain information about the Reverse Stock Split and other aspects of the Transaction, but may not contain all of the information that is important to you. For a more complete description of the Reverse Stock Split and other aspects of the Transaction, we urge you to carefully read this proxy statement.*

- At the Special Meeting, you will be asked to consider and vote upon a proposal to amend the Company's Certificate of Incorporation, to reverse stock split the Company's common stock at a ratio of 4-for-1, (the "Reverse Stock Split"). If the Reverse Stock Split is approved, the Company will file with the Delaware Secretary of State a certificate of amendment to its certificate of incorporation, at which date (the "effective time") a stockholder owning fewer than four shares immediately prior to the effective time, would only be entitled to a fraction of a share of common stock and will be paid cash in lieu of such fraction of a share, on the basis of \$1.00, (the "Cash Payment") for each share of common stock held by the stockholder (the "Cashed Out Stockholder") immediately prior to effective time and the Cashed Out Stockholders will no longer be a stockholder of the Company. As of September 21, 2020, 90 shareholders that collectively owned 197 shares of the Company's common stock owned less than four shares of common stock. If the Reverse Stock Split is approved, the Company would pay \$197.00 to these Cashed Out Shareholders. The Company will use its own funds to pay the Cashed Out Stockholders.
- The purpose of the Reverse Stock Split is to enable the Company to reduce the number of record holders of its common stock below 300, which is the level below which the Company can suspend its duty to file periodic and current reports and other information with the SEC under the Securities Exchange Act of 1934, as amended (the "Exchange Act"). In May 2020 the Company sold all of its oil and gas properties in Appalachia in order to pay outstanding debt and as a result of the Company's belief that its properties in Appalachia had diminished prospects for future growth. As a result of this sale, the Company's oil and gas properties and related equipment declined from \$263 million at December 31, 2019 to \$117 million at June 30, 2020. In April 2020, when Patrick McDonald, the Company's Chief Executive Officer, became confident that the sale of these properties would close, and considering the resulting reduced size of the Company, he discussed with the Company's other directors the suspension of the Company's obligations to file reports required by the Exchange Act in order to save the expense associated with the filing of these reports. On June 11, 2020 the Company's Board of Directors determined that the costs of being a public reporting company outweigh the benefits of being a public reporting company and approved actions necessary to suspend the Company's obligations to file Exchange Act reports. The actions the Company would take to suspend, and events that occur as a result of such actions that would have the effect of suspending its reporting obligations under the Exchange Act, and the registration of its common stock under Section 12(g) of the Exchange Act, are collectively referred to as the "Transaction". After giving effect to the Transaction, the Company will no longer be subject to the reporting requirements under the Exchange Act or other requirements applicable to a public company, including requirements under the Sarbanes-Oxley Act of 2002 (the "Sarbanes-Oxley Act").
- The Company's officers, directors and each Yorktown Fund intend to vote in favor of the Reverse Stock Split since these persons believe the Reverse Stock Split is in the best interest of the Company and its shareholders. If the Company's officers, directors, and the Yorktown Funds vote in favor of the Reverse Stock Split, the Reverse Stock Split will be approved at the Special Meeting.
- The Company anticipates that after the Reverse Stock Split its common stock will trade on the Pink Non-Current platform of the OTC Markets Group.

### **SPECIAL FACTORS**

At the Special Meeting, you will be asked to consider and vote upon a proposal to amend the Company's Amended and Restated Certificate of Incorporation, to reverse stock split the Company's common stock at a ratio of 4-for-1, (the "Reverse Stock Split"). If the Reverse Stock Split is approved the Company will file with the Delaware Secretary of State a certificate of amendment to its Amended and Restated Certificate of Incorporation, at which date (the "effective time") a stockholder owning fewer than four shares immediately prior to the effective time, would

only be entitled to a fraction of a share of common stock and will be paid cash in lieu of such fraction of a share on the basis of \$1.00, (the “Cash Payment”) for each share of common stock held by the stockholder (the “Cashed Out Stockholder”) immediately prior to the effective time and the Cashed Out Stockholder will no longer be a stockholder of the Company. As of September 21, 2020, 90 shareholders that collectively owned 197 shares of the Company’s common stock owned less than four shares of common stock.

If the Reverse Split is approved, the Company would pay \$197.00 to these Cashed Out Shareholders. The Company will use its own funds to pay the Cashed Out Stockholders. Each Cashed Out Stockholder will receive a check by mail at such Cashed Out Stockholder’s registered address as soon as practicable after the effective time. None of the Cashed Out Stockholders are officers, directors or affiliates of the Company.

The purpose of the Reverse Stock Split is to enable the Company to reduce the number of record holders of its common stock below 300, which is the level below which the Company can suspend its duty to file periodic and current reports and other information with the SEC under the Securities Exchange Act of 1934, as amended (the “Exchange Act”). As described in this proxy statement, the Company’s Board of Directors has determined that the costs of being a public reporting company outweigh the benefits of being a public company. The actions the Company would take to suspend, and events that occur as a result of such actions that would have the effect of suspending its reporting obligations under the Exchange Act, and the registration of its common stock under Section 12(g) of the Exchange Act, are collectively referred to as the “Transaction”. After giving effect to the Transaction, the Company will no longer be subject to the reporting requirements under the Exchange Act or other requirements applicable to a public company, including requirements under the Sarbanes-Oxley Act of 2002 (the “Sarbanes-Oxley Act”).

Based upon the closing price of the Company’s common stock on September 25, 2020 three shares of its common stock were worth approximately \$0.78. The Company does not know any securities broker which would accept securities worth \$0.78 for deposit or which would sell securities worth \$0.78 for any customer. Since a stockholder of record owning fewer than four shares immediately prior to the Reverse Stock Split will be paid \$1.00 for each share held by the stockholder, the Company’s Board of Directors has determined (by a unanimous vote) that the Reverse Stock Split is in the best interests of the Company’s stockholders and the specific terms of the Reverse Stock Split are fair to the Cashed Out Stockholders.

The Company’s Board of Directors has also determined (by a unanimous vote) that the specific terms of the Reverse Stock Split are in the best interest of the Company’s stockholders which will not be Cashed Out for the reasons shown below under the caption “Advantages of the Reverse Stock Split”. In making this determination, the Board of Directors considered the matters discussed below under the caption “Potential Disadvantages of the Reverse Stock Split” However, despite these disadvantages, the Board still believes the Reverse Stock Split is in the best interest of the Company’s stockholders which will not be Cashed Out.

Since the cost to the Company of reducing the record holders below 300 is \$197.00 (exclusive of legal, printing and mailing costs associated with this proxy statement) the Company did not consider any alternatives to the Reverse Stock Split as a means of reducing the number of record holders of its common stock below 300.

Neither the Company nor any other person (to the knowledge of the Company) has received any report, opinion or appraisal from an outside party that is materially related to the Reverse Stock Split.

#### Advantages of the Reverse Stock Split

If the Reverse Stock Split occurs, there will be certain advantages to the Company’s stockholders, including the following:

- After giving effect to the Reverse Stock Split, the Company’s compliance obligations under the Exchange Act and the Sarbanes-Oxley Act will be suspended and the Company expects to realize recurring savings of approximately \$675,000 per year.
- The Company will also save the significant amount of time and effort expended by its management and employees on the preparation of SEC filings and compliance with the Exchange Act and the Sarbanes-Oxley Act.

### Potential Disadvantages of the Reverse Stock Split

If the Reverse Stock Split occurs, there will be certain potential disadvantages to the Company's stockholders, including the following:

- Cashed Out Stockholders will no longer have any ownership interest in the Company.
- The Company will, after giving effect to the Reverse Stock Split, cease to file annual, quarterly, current, and other reports and documents with the SEC. As a result, the Company's stockholders will have significantly less information about its business, operations, and financial performance than they have currently.
- The Company will no longer be subject to the liability provisions of the Exchange Act or the provisions of the Sarbanes-Oxley Act.
- The Company's officers, directors and 10% stockholders will no longer be subject to the reporting requirements of Section 16 of the Exchange Act or be subject to the prohibitions against retaining short-swing profits for trading our common stock. Persons acquiring 5% of the Company's common stock will no longer be required to report their beneficial ownership under the Exchange Act.

### Other Matters

Only the Company's officers and directors intend to solicit votes with respect to the Reverse Stock Split.

Generally, a Cashed Out Stockholder who receives cash for a fractional share as a result of the Reverse Stock Split will recognize capital gain or loss for United States federal income tax purposes based upon the amount the Cashed Out Stockholder paid for the fractional share. A stockholder who does not receive cash for a fractional share as a result of the Reverse Stock Split generally will not recognize any gain or loss for United States federal income tax purposes. The Company believes that the Reverse Stock Split generally should be treated as a tax-free "recapitalization" or other non-recognition event for federal income tax purposes in which case the Reverse Stock Split should have no material federal income tax consequences to the Company.

No ruling from the IRS or opinion of counsel has been or will be obtained regarding the United States federal income tax consequences to stockholders in connection with the reverse stock split. Accordingly, each stockholder is encouraged to consult their own tax advisor as to the particular federal, state, local, foreign, and other tax consequences of the Reverse Stock Split in light of their individual circumstances.

Shareholders owning four or more shares on the effective date of the Reverse Stock Split will receive fractional shares in the event the number of shares they own is not a multiple of four.

The Reverse Stock Split will be affected at both the record holder level and the street name level. For persons holding shares of common stock in "street name," the broker, bank or other nominee holding the shares is considered the stockholder of record with respect to those shares. Depending upon their internal procedures, the broker, bank or other nominee may not be obligated to treat the Reverse Stock Split as affecting beneficial holders' shares. The Company intends to treat persons who hold shares of common stock in street name in the same manner as persons who hold shares of common stock in their own names. Banks, brokers or other nominees will be instructed to affect the Reverse Stock Split for their customers holding the Company's common stock in street name. However, these banks, brokers or other nominees may have different procedures than registered stockholders for processing the Reverse Stock Split and making payments for fractional shares. Persons holding shares of common stock in street name and having any questions in this regard should contact their bank, broker or other nominee.

Shareholders holding more than three shares may nevertheless have their shares Cashed Out if their shares are held in a combination of accounts at several brokerage firms. For those shareholders in this situation which desire to remain a stockholder of the Company after the Reverse Stock Split, the Company recommends that the shareholder combine the shareholder's holdings in one brokerage account or become a record holder prior to the effective time of the Reverse Stock Split. A shareholder should be able to determine whether the shareholder's shares will be Cashed Out by examining the shareholder's brokerage account statements to see if the shareholder holds less than four shares in any one account.

If a shareholder owns fewer than four shares of common stock before the Reverse Stock Split, the only way a shareholder can continue to be a stockholder of the Company after the Reverse Stock Split is to purchase, prior to the effective time of the Reverse Stock Split, sufficient additional shares such that the shareholder will own at least four shares at the effective time of the Reverse Stock Split.

The Company does not intend to forward split its common stock if the Reverse Stock Split is approved at the special meeting.

Under Delaware law, no appraisal or dissenters' rights are available to the Company's stockholders in connection with the Reverse Stock Split.

No provision has been made by the Company in connection with the Reverse Stock Split to grant any of the holders of Company's common stock or Series B preferred stock access to the corporate files of the Company or to obtain counsel or appraisal services at the expense of the Company.

A majority of the Company's directors who are not employees of the Company have not retained an unaffiliated representative to act solely on behalf of unaffiliated security holders for purposes of negotiating the Reverse Stock Split and/or preparing a report concerning the fairness of the Reverse Stock Split.

The Company anticipates that after the Reverse Stock Split its common stock will trade on the Pink Non-Current platform of the OTC Markets Group.

The Company's Amended and Restated Certificate of Incorporation provides that the Company is presently authorized to issue 35,000,000 shares common stock. The Reverse Stock Split, if adopted, would not change the number of shares of common stock which the Company is authorized to issue. A reverse split would reduce the number of the Company's outstanding shares, which would enable the Company to issue more shares than it would be able to issue if the Reverse Stock Split was not adopted.

After giving effect to the Reverse Stock Split and as necessary to maintain the Company's suspension of its SEC reporting obligations, the Company reserves the right to take additional actions that may be permitted under Delaware law, including further reverse stock splits.

The Company's Board of Directors may abandon the proposed Stock Split at any time prior to its completion, whether prior to or following the Special Meeting, if it believes the Reverse Stock Split is no longer in the best interests of the Company or its stockholders.

The Company's Board of Directors recommends that stockholders vote FOR the Reverse Stock Split.

- (1) The amounts and percentages of common stock beneficially owned are reported on the bases of rules of the SEC governing the determination of beneficial ownership of securities. Under the rules of the SEC, a person is deemed to be a “beneficial owner” of a security if that person has or shares voting power, which includes the power to vote or direct the voting of such security, or investment power, which includes the power to dispose of or to direct the disposition of such security. In addition, shares are deemed to be beneficially owned by a person if the person has the right to acquire the shares (for example, upon exercise of an option) within 60 days of the date as of which the information is provided. Securities that can be so acquired are deemed to be outstanding for purposes of computing such person’s ownership percentage, but not for purposes of computing any other person’s percentage. **Market for Our Common Stock**

The Company has one class of common stock outstanding that is quoted on the OTCQB under the symbol CRBO.

The following table sets forth the high and low bid price per share of our common stock for the periods presented, as quoted on the OTCQB. The information reflects inter-dealer prices, without retail mark-up, mark-down or commissions and may not represent actual transactions:

Year Ended December 31,	Quarter	High	Low
2018	First	\$ 11.00	\$ 9.80
	Second	\$ 12.00	\$ 9.80
	Third	\$ 13.00	\$ 9.50
	Fourth	\$ 9.25	\$ 6.50
2019	First	\$ 10.00	\$ 9.25
	Second	\$ 10.00	\$ 5.00
	Third	\$ 8.00	\$ 4.00
	Fourth	\$ 4.00	\$ 3.15
2020	First	\$ 4.50	\$ 3.15
	Second	\$ 4.98	\$ 1.18

The limited and sporadic quotations of our common stock do not constitute an established trading market for the Company’s common stock, and there can be no assurance that an active market will develop in the future.

As of September 25, 2020:

- the closing price of the Company’s common stock on the OTCQB was \$0.26 per share.

- there were 325 holders of record of the Company’s common stock. The number of holders does not include the stockholders for whom shares are held in a “nominee” or “street” name; and
- the Company had 8,304,806 outstanding shares of common stock.

The Company has not to date paid any cash dividends on its common stock and does not intend to pay any dividends in the foreseeable future. The payment of dividends will be within the discretion of the Board of Directors.

The terms of the Company’s loan agreements with two lenders prohibit the Company from paying dividends on the Company’s stock while amounts are owed under the loan agreements.

The provisions in the Company’s Amended and Restated Certificate of Incorporation relating to its preferred stock allow its directors to issue preferred stock with rights to multiple votes per share and dividend rights which would have priority over any dividends paid with respect to its common stock. The issuance of preferred stock with such rights may make more difficult the removal of management even if such removal would be considered beneficial to stockholders generally, and will have the effect of limiting stockholders participation in certain transactions such as mergers or tender offers if such transactions are not favored by incumbent management.

### **Yorktown Energy Partners**

As of September 21, 2020:

- Yorktown Energy Partners V, L.P.,
- Yorktown Energy Partners VI, L.P.,
- Yorktown Energy Partners IX, L.P., and
- Yorktown Energy Partners XI, L.P.

Accordingly, each Yorktown Fund may be deemed an affiliate of the Company.

Peter A. Leidel, a director of the Company, is a managing member of the indirect general partner of each Yorktown Fund. John A. Bailey, a director of the Company, is an employee of Yorktown Partners, LLC, which manages the investments of each Yorktown Fund under the direction of the indirect general partner of such Yorktown Fund.

Yorktown V Company LLC (“Yorktown V Company”) is the sole general partner of Yorktown Energy Partners V, L.P. As a result, Yorktown V Company controls the voting of the Company shares owned by Yorktown Energy Partners V, L.P.

Based upon the closing price of the Company’s common stock on September 25, 2020 three shares of its common stock were worth approximately \$0.78. No Yorktown Fund knows any securities broker which would accept securities worth \$0.78 for deposit or which would sell securities worth \$0.78 for any customer. Since a stockholder of record owning fewer than four shares immediately prior to the Reverse Stock Split will be paid \$1.00 for each share held by the stockholder, each Yorktown Fund has determined that the Reverse Stock Split is in the best interests of the Company’s stockholders and the specific terms of the Reverse Stock Split are fair to the Cashed Out Stockholders.

Each Yorktown Fund has also determined that the specific terms of the Reverse Stock Split are in the best interest of the Company’s stockholders which will not be Cashed Out for the reasons shown above under the caption “Advantages of the Reverse Stock Split”. In making this determination, each Yorktown Fund considered the matters discussed above under the caption “Potential Disadvantages of the Reverse Stock Split”. However, despite these disadvantages, each Yorktown Fund still believes the Reverse Stock Split is in the best interest of the Company’s stockholders which will not be Cashed Out.

Since the cost to the Company of reducing the record holders below 300 is \$197.00 (exclusive of legal, printing and mailing costs associated with this proxy statement) No Yorktown Fund considered any alternatives to the Reverse Stock Split as a means of reducing the number of record holders of its common stock below 300.

No Yorktown Fund nor any other person (to the knowledge of such Yorktown Fund) has received any report, opinion or appraisal from an outside party that is materially related to the Reverse Stock Split.

No Yorktown Fund intends to solicit votes with respect to the Reverse Stock Split.

No Yorktown Fund nor any Yorktown Fund officer, manager or member has been convicted in a criminal proceeding during the past five years (excluding traffic violations or similar misdemeanors).

No Yorktown Fund nor any Yorktown Fund officer, manager or member has been a party to any judicial or administrative proceeding during the past five years (except for matters that were dismissed without sanction or settlement) that resulted in a judgment, decree or final order enjoining the officer or director from future violations of, or prohibiting activities subject to, federal or state securities laws, or a finding of any violation of federal or state securities laws.
